

GENERAL PURPOSE GRAFFITI REMOVER

A fast acting, mild, easy to use liquid graffiti remover for interior surfaces. General Purpose Graffiti Remover safely penetrates and loosens the graffiti and makes it easy to remove.

General Purpose Graffiti Remover can be used to remove:

- crayon
- white out
- permanent marker
- ink

from these surfaces:

- desks
- cupboards
- filing cabinets
- lockers
- walls and more

SAFETY INSTRUCTIONS

When starting a graffiti removal job always wear safety protection before handling any of the graffiti removing products. Safety goggles and chemical resistant gloves are required before using General Purpose Graffiti Remover. Wearing long sleeves and long pants are recommended to protect the skin. Always have access to water when working with General Purpose Graffiti Remover. If General Purpose Graffiti Remover does get on your skin, wash the skin with water to remove the product.

Before using General Purpose Graffiti Remover check the surface to see how clean it is. The surface does not have to be perfectly clean to start, but if the surface has substantial dirt on it, the dirt may impede the penetration process and should be washed off before removing the graffiti.

(Note: Always test product on a small hidden area prior to full application.)

Interior Graffiti Removal Process:

Before using **General Purpose Graffiti Remover** check the surface to see how clean it is. The surface does not have to be perfectly clean to start, but if the surface has substantial dirt on it, the dirt may impede the penetration process and should be washed off before removing the graffiti.

(Note: Always test product on a small hidden area prior to full application.)

Equipment Needed for Removal of Graffiti:

1. General Purpose Graffiti Remover
2. Clean Cloth or Sponge
3. Small amount of water to wet surface

Application Method:

1. Wet surface if necessary
2. Shake the product to activate it
3. Pour needed amount of product on cloth or sponge
4. Dab the product liberally on the graffiti or spray apply
5. Let the product activate on the surface for 60 seconds
6. Agitate surface with cloth or sponge
7. Wipe off with clean cloth or rinse with water and wipe dry
8. Repeat steps if graffiti is still showing

At the end of the job, wash down all safety equipment & tools used in the removal process to get all of the General Purpose off for reuse on the next job. Do NOT pour any left over liquid back into the container.

Results and Benefits:

The main differences between General Purpose Graffiti Remover & other graffiti removal methods include: dramatically reducing the time it takes to remove the graffiti, one application effectiveness in removing 99% of the typical graffiti & no damage to the original underlying surface! General Purpose Graffiti Remover gets all of the graffiti off the surface within minutes while other products can take multiple applications & hours of time. General Purpose Graffiti Remover enables removal in minutes on all typical interior surfaces which saves our customers significant time and labour. With less time & labour spent on each individual graffiti removal job, our customers can get 2, 3 even 4 times as many graffiti removal jobs accomplished per shift. Plus, you will not be spending janitorial labour or replacing equipment, nor repairing surface damage from inappropriate graffiti removal products.

Coverage:

Varies dependent upon type of surface material 0.2 -0.5 litre/m²

With Wipes the coverage can be 0.1 -0.3 litre/m²
