

# Community Graffiti Removal Kits

The Smart Graffiti Community Graffiti Removal Kit is designed for Local Authorities, Resident Associations, Tidy Town Group, Community Organisations and Business Users. The kit is a highly effective surface contaminant removal product, designed for elimination of unsightly or unwanted spray paint, crayon, magic marker, graffiti or 'tag' marks on glass, unfinished metal, factory-applied metal finishes, brick, concrete and masonry sub-strates and many other surfaces. Based upon a unique blend of environmentally safe solvents, emulsifiers and surfactants, the Community Graffiti Removal Kit is nontoxic, safe for human contact and yet easy to use and highly effective on even the most difficult applications.

For local authorities, it is ideal to provide or loan-out to local residents groups, so that they can effectively deal with the graffiti problem in their area. It will remove pen marks and general graffiti from lockers, desks, painted walls, doors, UPVC surfaces and traffic signs without any damage to the existing surface.

The Large kit includes four 1 litre bottles, the Medium kit includes four 500 ml bottles and the Small kit includes two 500 ml bottles. You can choose which of the Smart Graffiti Removal products; Elite, Metal Safe, Sign Safe & General Purpose Graffiti Removers you wish to have in your kit or a combination of the products. Each kit also contains the following items, all necessary for the safe removal of graffiti; 2 x Sash Brushes, 5 x J-Cloths, 1 x Small Pot, 2 x Steel Wool 000 Grade, 1 x Plastic Gauntlets, 1 x Safety Specs, 1 x Mouth & Nose Mask, 1 x White Towel Rag & it is all contained in a ten litre bucket with snap on lid. The bucket is useful if you need small amounts of water & the equipment can be stored again in the bucket for the next time it's needed. There is also an easy-to-follow user guide together with Product Information Sheets & Material Safety Data Sheets. Individual kit items can also be purchased from us as well as product refills.
